

BASIC STERILE SERVICES COURSE

A Basic Sterile Services course is being offered under the auspices of Professor Mehtar Head of Academic Unit for Infection Prevention and Control Tygerberg Hospital & Stellenbosch University

This is a one week fulltime course specifically aimed at all staff working in the CSSD unit. The course has been designed in such a way as to allow the student to exit at three points, namely:

- Basic (certificate of competence),
- Intermediate (certificate of competence,
- Advanced (Diploma in Sterile Service management).

The course is open to anyone that works in the sterile services environment. Twenty four students will be accepted for the Basic course.

Entry Requirement

- Proof of having passed a foundation course in Sterile Services
- Grade 10 certificate or equivalent.
- At least 2 years experience in an SSD

Special Requirements

Each student will need to have a member of staff appointed as a mentor / supervisor to assist with evaluation and completion of a practical experience logbook over 5 weeks.
