

### Social Capital in Pictures

How would you show in a picture what social capital is? Do you have a foto that could stand for social capital? Send us your pictures: [cgomulia@uwc.ac.za](mailto:cgomulia@uwc.ac.za)

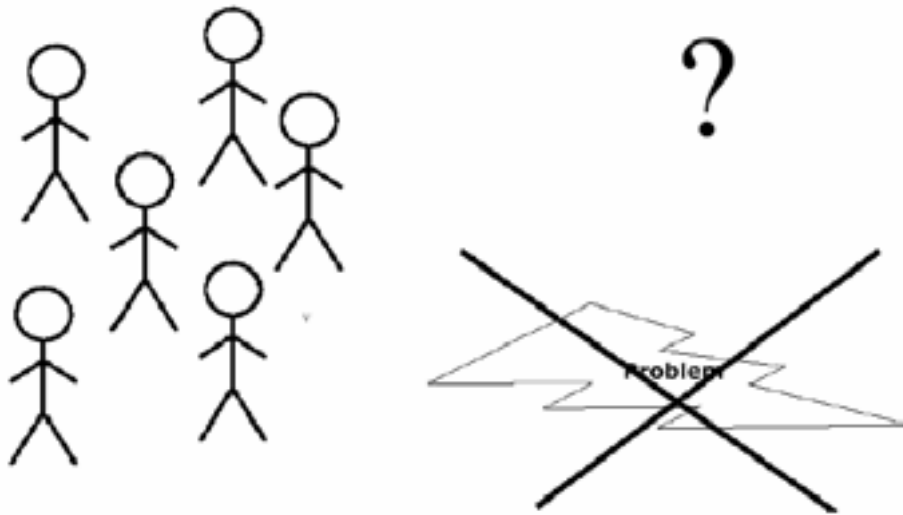

Social Capital speaks about networks that your communities have with other communities, NGOs, Government. Networks that help you to achieve positive changes in your community

Social Capital speaks about how can we 'build bridges'? What are the connections and relationships we have to build and improve to achieve positive outcomes?

If we work together we can solve problems, we can face challenges. We need to form stronger bonds with our neighbours to break down divisions and to improve our living standards

The Department of Health developed the 'Habanam – Walking together' logo for their social capital projects
